**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Companies like AT&T and Comcast are the bane of our existence. Every month they try to scam us into higher rates and force us to call them to get the "latest promotion" just so they can try to upsell us. Companies like Sonic and T-Mobile do business honestly by providing great service and no hidden fees. Without competition, we're left with only poor choices. For example, AT&T tripled my 2 phone lines and held us ransom telling us we'd have to pay over \$300 / month for 2 plain phone lines unless we signed up for a tablet with them on a 2 year contract. We don't even want this tablet, but they're abusing their monopoly power to force us into buying things we don't need at ridiculous rates.

Keep choice alive, or we'll just be left with evil.

Thank you!
